# TRAFFIC ENGINEERING & CONTROL

## INDEX TO VOLUME 10

May 1968 - April 1969

| | Month | Page |
|---|---|---|
| Acceleration noise and traffic congestion, R. T. Underwood | July | 120 |
| An automatic data logger system for traffic measurements, J. J. Klijnhout | Dec. | 435 |
| An employee work-journey survey, M. E. Eliot Hurst | Aug. | 164 |
| Area traffic control in Moscow, Mikhail Pechorsky and Mikhail Gurevich | Mar. | 560 |
| Australian Road Research Board conference report, Alan J. Miller | Dec. | 430 |
| Balanced Incomplete Block statistical technique as applied to highway flow estimation, Charles W. Marshall | Feb. | 517 |
| Belfast Study – Attitudes to transport, Anthony Goss | Jan. | 470 |
| Bus priorities in traffic management schemes, T. Constantine and A. P. Young | Jan. | 466 |
| Capacity and level of service of Danish highways, Jens Rorbech | Jan. | 462 |
| Capacity of priority intersections, R. J. Salter | July | 134 |
| Car and bus travel in central Edinburgh, P. Jackson and R. W. Palmer | Nov. | 354 |
| Cardiff Study: Surveys and analysis, D. M. Sheldon | Mar. | 554 |
| Carriageway marking tests in the U.S.S.R., Valentin V. Silyanov | Dec. | 409 |
| Central area traffic control in Liverpool | Aug. | 187 |
| Choice of offsets in linking traffic signals, R. E. Allsop | June | 73 |
| Coding by computer in transportation surveys, R. D. Jarvis | Oct. | 303 |
| Comparison of first and second car usage patterns, L. W. Ackroyd and S. J. W. Druitt | Jan. | 479 |
| Computer traffic control in Texas, Roy L. Wilshire | Feb. | 505 |
| Cost/benefit analysis of highway projects, M. C. Mogridge | Mar. | 566 |
| Courses in traffic engineering | Aug. | 189 |
| Dead areas on roundabouts, P. Bapat | Apr. | 610 |
| Editorial Opinion: | | |
| Conference aftermath | May | 13 |
| The Cardiff Study | June | 65 |
| Urban modal split | July | 117 |
| Research for road safety | Aug. | 157 |
| Munich 1968 | Sep. | 233 |
| Munich Report | Oct. | 297 |
| Road finance | Nov. | 347 |
| The Vienna Conventions | Dec. | 405 |
| The future of London's transport | Jan. | 459 |
| Standards for rural roads | Feb. | 503 |
| Traffic noise | Mar. | 549 |
| London's plan | Apr. | 599 |
| Effect of ramp alignment on operational characteristics, Ken-Ichi Takebe | Sep. | 240 |
| Environmental activities and one-way street systems, A. Williman | Dec. | 433 |
| Exeter's traffic management experiment, John Brierley | May | 32 |
| Experimental carriageway markings at Uxbridge Circus roundabout, C. R. Faulkner | May | 28 |
| Gateshead traffic management scheme, K. B. Madelin and J. A. Ford | | |
| 1. The traffic problem and proposals | June | 80 |
| 2. Implementation | July | 137 |
| 3. Before and after studies and results | Aug. | 181 |
| 4. Amendment | Sep. | 266 |
| Geometric design of highways, Ulf Hedin | June | 76 |
| Greater Peterborough: a new city, A. Goss | Apr. | 606 |
| Holosigns – a new concept in driver information, Harry Forster | Sep. | 250 |
| Improving pedestrian safety, J. T. Duff | May | 35 |
| International Study Week in Traffic and Safety Engineering (Ninth) Munich | June | 90 |
| Motorway surveillance and control, J. T. Duff | Oct. | 314 |
| Variations in the pattern of accident rates in different countries and their causes, R. J. Smeed | Nov. | 364 |
| Recent developments in barrier design, R. L. Moore and V. J. Jehu | Dec. | 421 |
| Layout of roads in rural areas, F. J. Llewelyn and D. A. Butler | Apr. | 615 |
| Lighting Section: | | |
| Road lighting review, G. Berry | May | 44 |
| Lighting for single-level road junctions including roundabouts, J. E. Baker | June | 94 |
| New open air laboratory for street lighting, J. J. Balder | July | 142 |
| Changing times, S. Lyons | Aug. | 185 |
| A.P.L.E. Conference 1968, G. Berry | Sep. | 275 |
| A.P.L.E. Conference report | Oct. | 322 |
| Lighting columns as collision hazards, A. W. Christie | Nov. | 372 |
| Better lamps involvement-angles, effectiveness, intensities, J. T. Grundy and A. H. S. van Wyngaard | Feb. | 526 |
| Car park lighting, J. Glanville | Mar. | 570 |
| Lighting town and city centres, H. R. Ruff | Apr. | 622 |
| M4 motorway surveillance system, J. T. Duff | | |
| 1. Introduction and general description | Apr. | 600 |
| Making public transport competitive, Stephen Swingler | May | 16 |
| Measurement and control of road traffic noise, C. G. Bottom and D. M. Waters | Mar. | 550 |
| Measurement of directional flows at junctions, M. Peleg | Oct. | 307 |
| Motorway surveillance and control, J. T. Duff | Oct. | 314 |
| Movement of pedestrians on footways in shopping streets, S. J. Older | Aug. | 160 |
| New Soviet device for measuring skid resistance of road surfaces, R. Lukashuk | Apr. | 603 |
| Objectives of traffic management, Colin Buchanan and D. H. Crompton | May | 24 |
| Oxford's tidal flow scheme, J. Peverel-Cooper | May | 33 |
| Parking Section: | | |
| Faults in car park design, J. A. Wood | Aug. | 175 |
| Car park control, J. Glanville | Oct. | 319 |
| Mechanical car parking, Oscar Swan | Nov. | 377 |
| Car parking seminar | Dec. | 432 |
| Vehicle parking automation, T. T. Walters | Jan. | 473 |
| Car park lighting, J. Glanville | Mar. | 570 |
| Planning for traffic noise, R. D. Ford | Oct. | 300 |
| Provision and utilisation of road space, A. C. Durie | May | 18 |
| Public transport systems analysed, H. John Wootton | July | 127 |
| Questionnaire on traffic signs and markings | June | 86 |
| Ramp metering traffic control system, Alan F. Barney | Mar. | 563 |
| Rapid method for the synthesis of urban traffic, R. Hodgen and M. Watson | Aug. | 169 |
| Recent developments in barrier design, R. L. Moore and V. J. Jehu | Dec. | 421 |
| Research Group in Traffic Studies, University College London, Progress Report 1968, R. J. Smeed | Feb. | 528 |
| Road design and traffic safety: Report from the U.S.S.R., Valeri F. Babkov | Sep. | 236 |
| Road Safety Units | Feb. | 523 |

| | Month | Page |
|---|---|---|
| Significance of traffic counts at points on roads for the determination of vehicular traffic streams, Johannes Schlums and Friedrich Jacobs | | |
| Part 1. | Sep. | 258 |
| Part 2. | Oct. | 309 |
| Part 3. | Nov. | 361 |
| Simplified transportation study technique, East Central Scotland Study, J. O. Tresidder and P. K. McIlroy | July | 124 |
| Some general accident figures, J. J. Leeming | Jan. | 482 |
| Splitting the modal split, Yacov Zahavi | Feb. | 509 |
| Statistical aspects of registration number traffic surveys, D. M. Allan | Mar. | 558 |
| Street furniture – a new approach needed, Mary Bosticco | Mar. | 565 |
| Synthetic trip prediction models, Martyn P. Heyes | July | 131 |
| Technique for the measurement of traffic parameters in environmental studies, R. Jones | Nov. | 358 |
| Theory of Traffic Flow, Fourth International Symposium, R. E. Allsop | Sep. | 263 |
| Traffic capacity of small roundabouts, E. Grant | Apr. | 613 |
| Traffic in Penrith, A. Donaldson | Sep. | 254 |
| Traffic management in Hertfordshire, J. R. Steel | Dec. | 416 |
| Traffic prognosis by comprehensive simulation, C. L. Case | Aug. | 178 |
| Traffic research in Denmark, P. H. Bendtsen | Sep. | 265 |
| Traffic signal control using television, Howard T. Tillotson | Sep. | 245 |
| Traffic signals for Leicester's Clock Tower, W. R. Shirrefs | Oct. | 312 |
| Traffic simulation by digital computer, M. H. Beilby | May | 21 |
| Transport planning and control in North America, P. T. McIntosh and K. W. Huddart | May | 38 |
| Transportation Engineering Conference | June | 84 |
| Trip prediction in Plymouth, A. Norman | Dec. | 413 |
| Tyneside conurbation traffic assignment study, G. G. Dobson and P. F. Maxwell | Feb. | 513 |
| Use of census data in transportation planning, M. J. Bruton | Apr. | 618 |
| Variations in the pattern of accident rates in different countries and their causes, R. J. Smeed | Nov. | 364 |
| Vehicle detector evaluation study, Peter J. Morley | June | 68 |
| West Midlands Transport Study, J. A. Proudlove | Nov. | 351 |

## INDEX TO AUTHORS

| | Month | Page |
|---|---|---|
| Ackroyd, L. W. and S. J. W. Druitt – A comparison of first and second car usage patterns | Jan. | 479 |
| Allan, D. M. – Statistical aspects of registration number traffic surveys | Mar. | 558 |
| Allsop, R. E. – Choice of offsets in linking traffic signals | June | 73 |
| – Theory of traffic flow: Fourth International Symposium | Sep. | 263 |
| Babkov, Valeri F. – Road design and traffic safety | Sep. | 236 |
| Baker, J. E. – Lighting for single-level road junctions including roundabouts | June | 94 |
| Balder, J. J. – New open air laboratory for street lighting | July | 142 |
| Bapat, P. – Dead areas on roundabouts | Apr. | 610 |
| Barney, Alan F. – Ramp metering traffic control system | Mar. | 563 |
| Beilby, M. H. – Traffic simulation by digital computer | May | 21 |
| Bendtsen, P. H. – Traffic research in Denmark | Sep. | 265 |
| Berry, Granville – Road lighting review | May | 44 |
| – Some thoughts on the A.P.L.E. Conference 1968 | Sep. | 275 |
| Bosticco, Mary – Street furniture – a new approach needed | Mar. | 565 |
| Bottom, C. G. and D. M. Waters – Measurement and control of road traffic noise | Mar. | 550 |
| Brierley, John – Exeter's traffic management experiment | May | 32 |
| Bruton, M. J. – Use of census data in transportation planning | Apr. | 618 |
| Buchanan, Colin and D. H. Crompton – Objectives of traffic management | May | 24 |
| Case, C. L. – Traffic prognosis by comprehensive simulation | Aug. | 178 |
| Christie, A. W. – Lighting columns as collision hazards | Nov. | 372 |
| Constantine, T. and A. P. Young – Bus priorities in traffic management schemes | Jan. | 466 |
| Dobson, G. G. and P. F. Maxwell – Tyneside conurbation traffic assignment study | Feb. | 513 |
| Donaldson, A. – Traffic in Penrith | Sep. | 254 |
| Duff, J. T. – Improving pedestrian safety | May | 35 |
| – Motorway surveillance and control, O.T.A. Study Week | Oct. | 314 |
| – M4 motorway surveillance system (1) Introduction and general description | Apr. | 600 |
| Durie, A. C. – Provision and utilisation of road space | May | 18 |
| Faulkner, C. R. – Experimental carriageway markings at Uxbridge Circus roundabout | May | 28 |
| Ford, R. D. – Planning for traffic noise | Oct. | 300 |
| Forster, Harry – Holosigns – a new concept in driver information | Sep. | 250 |
| Glanville, John – Car park control | Oct. | 319 |
| – Car park lighting | Mar. | 570 |
| Goss, Anthony – The Belfast Study, Attitudes to transport | Jan. | 470 |
| – Greater Peterborough: a new city | Apr. | 606 |
| Grant, E. – Traffic capacity of small roundabouts | Apr. | 613 |
| Grundy, J. T. and A. H. S. van Wyngaard – Better lamps involvement – angles, effectiveness, intensities | Feb. | 526 |
| Hedin, Ulf – Geometric design of highways | June | 76 |
| Heyes, Martin P. – Synthetic trip prediction models | July | 131 |
| Hodgen, R. and M. Watson – Rapid method for the synthesis of urban traffic | Aug. | 169 |
| Hurst, M. E. Eliot – An employee work-journey survey | Aug. | 164 |
| Jackson, P. and R. W. Palmer – Car and bus travel in central Edinburgh | Nov. | 354 |
| Jarvis, R. D. – Coding by computer in transportation surveys | Oct. | 303 |
| Jones, R.–Technique for the measurement of traffic parameters in environmental studies | Nov. | 358 |
| Klijnhout, J. J. – An automatic data logger system for traffic measurements | Dec. | 435 |
| Leeming, J. J. – Some general accident figures | Jan. | 482 |
| Llewelyn, F. J. and D. A. Butler – Layout of roads in rural areas | Apr. | 615 |
| Lukashuk, R. – New Soviet device for measuring skid resistance of road surfaces | Apr. | 603 |
| Lyons, Stanley – Changing times | Aug. | 185 |
| McIntosh, P. T. and K. W. Huddart – Transport planning and control in North America | May | 38 |
| Madelin, K. B. and J. A. Ford – Gateshead traffic management scheme. | | |
| 1. The traffic problem and proposals | June | 80 |
| 2. Implementation | July | 137 |
| 3. Before and after studies and results | Aug. | 181 |
| 4. Amendment | Sep. | 266 |
| Marshall, Charles W. – Balanced Incomplete Block statistical technique as applied to highway flow estimation | Feb. | 517 |
| Miller, Alan J. – Australian Road Research Board Conference report | Dec. | 430 |
| Mogridge, M. C. – Cost/benefit analysis of highway projects | Mar. | 566 |

| | Month | Page |
|---|---|---|
| Moore, R. L. and V. J. Jehu – Recent developments in barrier design | Dec. | 421 |
| Morley, Peter J. – Vehicle detector evaluation study | June | 68 |
| Norman, A. – Trip prediction in Plymouth | Dec. | 413 |
| Older, S. J. – Movement of pedestrians on footways in shopping streets | Aug. | 160 |
| Pechorsky, Mikhail and Mikhail Gurevich – Area traffic control in Moscow | Mar. | 560 |
| Peleg, M. – Measurement of directional flows at junctions | Oct. | 307 |
| Peverel-Cooper, J. – Oxford's tidal flow scheme | May | 33 |
| Proudlove, J. A. – West Midlands Transport Study | Nov. | 351 |
| Rorbech, Jens – Capacity and level of service of Danish highways | Jan. | 462 |
| Ruff, H. R. – Lighting town and city centres | Apr. | 622 |
| Salter, R. J. – Capacity of priority intersections | July | 134 |
| Schlums, Johannes and Friedrich Jacobs – The significance of traffic counts at points on roads for the determination of vehicular traffic streams. | | |
| Part 1. | Sep. | 258 |
| Part 2. | Oct. | 309 |
| Part 3. | Nov. | 361 |
| Sheldon, D. M. – Cardiff Study: Surveys and analysis | Mar. | 554 |
| Shirrefs, W. R. – Traffic signals for Leicester's Clock Tower | Oct. | 312 |
| Silyanov, Valentin V. – Carriageway marking tests in the U.S.S.R. | Dec. | 409 |
| Smeed, R. J. – Variations in the pattern of accident rates in different countries and their causes (O.T.A. Study Week) | Nov. | 364 |
| – Research Group in Traffic Studies, University College, London. Progress report 1968 | Feb. | 528 |
| Steel, J. R. – Traffic management in Hertfordshire | Dec. | 416 |
| Swan, Oscar – Mechanical car parking | Nov. | 377 |
| Swingler, Stephen – Making public transport competitive | May | 16 |
| Takebe, Ken-Ichi – Effect of ramp alignment on operational characteristics | Sep. | 240 |
| Tillotson, Howard T. – Traffic signal control using television | Sep. | 245 |
| Tresidder, J. O. and P. K. McIlroy – Simplified transportation study technique East Central Scotland Study | July | 124 |
| Underwood, R. T. – Acceleration noise and traffic congestion | July | 120 |
| Walters, T. T. – Vehicle parking automation | Jan. | 473 |
| Williman, A. – Environmental activities and one-way street systems | Dec. | 433 |
| Wilshire, Roy L. – Computer traffic control in Texas | Feb. | 505 |
| Wood, J. A. – Faults in car park design | Aug. | 175 |
| Wootton, H. John – Public transport systems analysed | July | 127 |
| Zahavi, Yacov – Splitting the modal split | Feb. | 509 |

# Reprints

**Reprints of articles published in TRAFFIC ENGINEERING & CONTROL can be obtained from the publishers at a cost of 3s 6d post free each**

We shall be pleased to give special estimates for bulk orders of any particular article, but it should be noted that type is normally held by the printers only for a two-month period after publication.

Every effort is made to answer requests for reprints, and estimates will also be given for supplying photostat copies of early articles when reprints of these are no longer in stock.

Enquiries regarding reprints should be addressed to:

**PRINTERHALL LTD**
*(Publishers)*
**34/40 Ludgate Hill**
**London EC4**
**Tel.: 01-248 4396**

## TEC PUBLICATIONS

**INTRODUCTION TO TRAFFIC SCIENCE**
**by Professor W. R. Blunden**
*School of Traffic Engineering, University of New South Wales*
**10s or $1.50**

**ELEMENTS OF TRAFFIC ENGINEERING**
**by R. Lane**
*Senior Lecturer in Traffic Engineering, The Polytechnic, London*
**7s 6d**

**VOCABULARY OF TRAFFIC ENGINEERING TERMS**
*Revised Edition 1967* **5s U.K., 6s Overseas**

**BIBLIOGRAPHY OF TRAFFIC ENGINEERING**
*Revised Edition 1967*
**by J. T. Duff**
*Assistant Chief Engineer, Ministry of Transport* **4s**

*Order from:*
**Printerhall Ltd**
**34/40 Ludgate Hill, London EC4**
*(Orders for single copies can only be met if cash with order)*
